Forecast for Sunday 17 Jul 2022

Weather: A band of cloud moving north and eastwards across the Brecon Beacons overnight, perhaps with the odd spot of light drizzle over some of the highest hills. Cloud clearing from the south leading to a bright and dry start to Sunday. Dry and sunny for much of the day with patchy high and medium level cloud leading to hazy sunshine at times. Temperatures rising rapidly with temperatures higher than Saturday.

Chance of cloud-free hill tops above 600m: 100%

Low cloud and visibility: Excellent visibility, with distance hills and summits visible, occasionally hazy at lower elevations.

Forecast for Monday 18 Jul 2022

Weather: A very warm start to the day with bright sunshine allowing temperatures to rise rapidly through the morning. Plenty of strong sunshine during the afternoon making it will feel very hot with extreme temperatures which may cause difficulties for some.

Maximum wind: South-easterly 10-15mph, gusting occasionally to 25mph.

Chance of cloud-free hill tops above 600m: 100%

Low cloud and visibility: Generally excellent visibilities with cloud bases well above the level of summits throughout, perhaps a little hazy at times.

Temperature: **Valleys:** Plus 14C, rising to plus 29C.
At 600m: Plus 12C, rising to plus 24C.
Freezing level: Freezing level above all summits.
